Plan Description

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	All student at Hope of Detroit will become proficient in English Language Arts.	Objectives: 3 Strategies: 5 Activities: 33	Academic	\$260000
2	All students at Hope of Detroit Academy will become proficient in Mathematics.	Objectives: 2 Strategies: 4 Activities: 21	Academic	\$156000
3	All students at Hope of Detroit Academy will become proficient in Social Studies.	Objectives: 1 Strategies: 2 Activities: 15	Academic	\$38500
4	All students at Hope of Detroit Academy will become proficient in Science.	Objectives: 1 Strategies: 2 Activities: 18	Academic	\$100000

Goal 1: All student at Hope of Detroit will become proficient in English Language Arts.

Measurable Objective 1:

53% of Kindergarten, First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh and Twelfth grade students will demonstrate a proficiency in all tested domains in English Language Arts by 06/21/2019 as measured by 2018-2019 State Assessment.

Strategy 1:

Data Driven Decision Making - Hope of Detroit is committed to the ongoing process of continuous improvement focusing on increasing student achievement through data conversations. These data driven conversations focus on developing a deep understanding of the current data on the status of student achievement, interpreting the data, identifying root causes and determining how to use the data to identify broad strategies and specific activities to foster our goal of 100% proficiency. The data teams are also responsible for analyzing data and implementation of strategies.

<p>Activity - Parental Involvement</p> <p>Increase parental involvement regarding students' academic achievement in Reading. Within our data teams, teachers will have a greater focus on communicating student academic performance with parents. This will be monitored through goal specific progress reports for students receiving interventions. Hope of Detroit Academy will offer parent workshops and will incorporate a Parental Outreach Program that includes an ESL community liaison to help parents become aware of their child's progress along with Detroit Parent Network. In addition to the parent workshops, curriculum nights will be held to increase parental awareness on strategies that can be used at home.</p> <p>Schools: All Schools</p>	Parent Involvement	Tier 1	Implement	09/04/2018	06/21/2019	\$4000	Title III	All instructional staff, instructional support staff, community liaison, administration, and instructional coach.

Activity - Data Driven Decision Making Professional Development	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Reading instructors and support staff will attend training to improve instructional strategies in the classroom that will promote individual academic growth and increased reading achievement. K - 12th grade teachers will engage in a variety of professional development and learning activities that will help them implement what is necessary for effective data-based decision making. This includes training on: the data team process, data driven decision making, differentiated instruction, using assessments to drive instruction, effective progress monitoring, best practices in reading instruction, using formative assessments, developing and using common assessments, the SIOP model, Common Core, WIDA Standards and using technology to enhance instruction, This professional learning will include professional development training and professional learning community discussions.</p> <p>Schools: All Schools</p>	Professional Learning	Tier 1	Implement	09/04/2018	06/21/2019	\$4000	Title II Part A	All instructional staff, instructional support staff, administration, instructional coach, and data coach.
Activity - Extended Learning Opportunities	Activity Type	Tier	Phase	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>The school will provide extended learning opportunities for students through a series of after school, Saturday, and summer school enrichment programs. The programs' decisions will be made based upon student needs as demonstrated by NWEA, WIDA, and PSAT/SAT data. All extended learning opportunities will: begin with individualized goals (based on NWEA), resources/program that will support said goals and be used across the program, include consistent professional development, ensure that students are evaluated consistently, and allow more opportunities for targeted instruction (i.e. Reading only or Math only).</p> <p>Schools: All Schools</p>	Academic Support Program	Tier 2	Implement	09/04/2018	06/21/2019	\$15000	Section 31a	Instructional Staff, Support Staff and Instructional Coach

Strategy 2:

Sheltered Instruction Observation Protocol Model - The Sheltered Instruction Observation Protocol (SIOP) Model is a research-based and validated instructional model that has proven effective in addressing the academic needs of English learners. The SIOP Model consists of eight interrelated components: Lesson Preparation, Building Background, Comprehensible Input, Strategies, Interaction, Practice/Application, Lesson Delivery, and Review/Assessment. Using instructional strategies connected to each of these components, teachers will design and deliver lessons that address the academic and linguistic needs of English learners in all content areas. In addition, SIOP-based teaching benefits all students, not just those who are learning English as an additional language.

The SIOP Model consists of eight interrelated components: Lesson Preparation, Building Background, Comprehensible Input, Strategies, Interaction, Practice/Application, Lesson Delivery, and Review/Assessment. Using instructional strategies connected to each of these components, teachers will design and deliver lessons that address the academic and linguistic needs of English learners in all content areas. In addition, SIOP-based teaching benefits all students, not just those who are learning English as an additional language.

Strategy 2:

Sheltered Instruction Observation Protocol Training - The Sheltered Instruction Observation Protocol (SIOP) Model is a research-based and validated instructional model that has proven effective in addressing the academic needs of English learners. The SIOP Model consists of eight interrelated components: Lesson Preparation, Building Background, Comprehensible Input, Strategies, Interaction, Practice/Application, Lesson Delivery, and Review/Assessment. Using instructional strategies connected to each of these components, teachers will design and deliver lessons that address the academic and linguistic needs of English learners in all content areas. In addition, SIOP-based teaching benefits all students, not just those who are learning English as an additional language.

Differentiation means using the following four principles: 1. offer more student choice to promote buy-in, enthusiasm, and ownership. 2. incorporate a variety of learning modes to address differing student needs. 3. design tiered levels to better accommodate diverse student abilities. 4. form flexible, temporary groups based on various factors- not only ability, but including "readiness," interest, seating, student selection, and skill specialties. Additional reading materials will be purchased to accommodate students' needs in Reading.	Professional Learning	Tier 1	Implement	09/04/2018	06/21/2019	\$8000	All instructional staff, administration, and instructional coach.
Parental Involvement	Increase parental involvement regarding students' academic achievement in Reading. Within our data teams, teachers will have a greater focus on communicating student academic performance with parents. This will be monitored through goal specific progress reports for students receiving interventions. Hope of Detroit Academy will offer parent workshops and will incorporate a Parental Outreach Program that includes an ESL community liaison to help parents become aware of their child's progress along with Detroit Parent Network. In addition to the parent workshops, curriculum nights will be held to increase parental awareness on strategies that can be used at home.	Parent Involvement	Tier 1	Implement	09/04/2018	06/21/2019	\$4000	All instructional staff, instructional support staff, community liaison, administration, and instructional coach.
Data Driven Decision Making Professional Development	Reading instructors and support staff will attend training to improve instructional strategies in the classroom that will promote individual academic growth and increased reading achievement. K - 12th grade teachers will engage in a variety of professional development and learning activities that will help them implement what is necessary for effective data-based decision making. This includes training on: the data team process, data driven decision making, differentiated instruction, using assessments to drive instruction, effective progress monitoring, best practices in reading instruction, using formative assessments, developing and using common assessments, the SLOP model, Common Core, WIDA Standards and using technology to enhance instruction, This professional learning will include professional development training and professional learning community discussions. Extended Learning Opportunities	The school will provide extended learning opportunities for students through a series of after school, Saturday, and summer school enrichment programs. The programs' decisions will be made based upon student needs as demonstrated by NWEA, WIDA, and PSAT/SAT data. All extended learning opportunities will: begin with individualized goals (based on NWEA), resources/program that will support said goals and be used across the program, include consistent professional development, ensure that students are evaluated consistently, and allow more opportunities for targeted instruction (i.e. Reading only or Math only).	Academic Support Program	Tier 2	Implement	09/04/2018	06/21/2019	\$15000	Instructional Staff, Support Staff and Instructional Coach
Interactive Technology	Provide interactive technology and software to assist identified students. Instructional staff will be trained in Study Island and Plato. These programs will be used for each grade level for interventions and remediation of student needs identified through NWEA. 5th grade through 12th grade teachers will provide multiple opportunities for students to engage in learning activities that include technology such as: document cameras, Promethean board technology, video clips, tablets and computers. Teachers will receive additional training from outside vendors in increased utilization of technology for interactive teaching. Chromebooks will be purchase for students to be able to access these programs online and in the classrooms. In addition, various resources such as Google Virtual Goggles will also be purchased.	Academic Support Program, Professional Learning	Tier 1	Implement	09/04/2018	06/21/2019	\$15000	Instructional Staff, Support Staff and Instructional Coach
Instructional Coach, Literacy Coach, and Math Coach	Instructional Coach, Literacy Coach, and Math Coach will support the implementation of the school's reform strategy, data-driven decisions, through classroom observations, coaching conversations, modeling, and support for data and response to intervention teams.	Professional Learning	Tier 1	Implement	09/04/2018	06/21/2019	\$20000	School leader, Instructional Coach, Literacy Coach, and Math Coach
Annual Evaluation	School leader will lead the school improvement team and other instructional staff in the annual evaluation of the school's Title I schoolwide reform strategies to determine their impact on student achievement using the MDE program evaluation tool.
