Mission Statement

It is the mission of Hope of Detroit Academy to promote a multicultural community of learners who strive for excellence, determination and achievement through college and/or vocational education.

Vision Statement

The vision of Hope of Detroit Academy is to produce students who compete in a global economy and become productive citizens.

March 12, 2020

Dear Parents and/or Guardians,

We would like to update you on our stance regarding the spread of the COVID-19 virus. We feel that it is critical that we act responsibly, but not panic during this unique situation. Our biggest concern is to minimize the opportunity for interaction and spread of the virus.

This is what we know about the virus:

- Avoid touching eyes, nose, and mouth because this is the most common way the virus is spread

- The virus affects all people and races in the same way.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

- Symptoms include fever, cough, shortness of breath

- Certain people are at a higher risk:

- Older adults

- People who have serious chronic medical conditions like:

- Heart disease

- Diabetes

- Lung disease

- We will continue to monitor the most recent information made available.

We are taking the following precautions:

- Deep cleaning by the custodial staff

- Provided all teachers and staff with disinfectant to clean the rooms throughout the day.

- Ensured that we are fully stocked with soap and paper towels.

- Educate students on proper hand washing techniques/hygiene and seriousness of the situation

- Hanging posters and reminders throughout the building to keep prevention at the forefront of all students and staff's thoughts

- Cancelled all field trips until further notice

- High school sports will continue and we will announce any cancellations

- Minimizing attendance for sporting events

- Stopping contact with others during sporting events

It is important to understand that our actions during this time vary greatly depending on the most current information. We are relying on communication from the CDC and our State Government for accurate information. We will continue to keep all of our families and staff informed of any other changes and precautions that we take.

Mission Statement

It is the mission of Hope of Detroit Academy to promote a multicultural community of learners who strive for excellence, determination and achievement through college and/or vocational education.

Vision Statement

The vision of Hope of Detroit Academy is to produce students who compete in a global economy and become productive citizens.

What Hope of Detroit families can do:

- Take serious precautions, but do not panic.
- If your child is sick, please do not send them to school.
- If we call because your student is sick, it is required for someone to pick them up.
- Students who are sick will be kept in a designated area for the safety of all others until they are picked up.
- We know that disinfecting wipes and hand sanitizer is currently difficult to come by. However, if you are able, we strongly encourage you to donate these supplies to your student's teachers.
- Continue to remind your children about the importance of washing their hands frequently.
- Talk to your child about being sensitive to others who may have more serious anxiety and to respect students who show more concern.
- Send disposable water bottles with your child to school.

Thank you for your continued support throughout the very unique situation. I want to let you know that we will get through this challenging time together.

Sincerely,

Ali Abdel, School Leader

12 de marzo de 2020

Estimados padres y / o tutores,

Nos gustaría informarle sobre nuestra postura con respecto a la propagación del virus COVID-19. Creemos que es fundamental que actuemos de manera responsable, pero no entremos en pánico durante esta situación única. Nuestra mayor preocupación es minimizar la oportunidad de interacción y propagación del virus.

Esto es lo que sabemos sobre el virus:

- Evite tocarse los ojos, la nariz y la boca porque esta es la forma más común de propagación del virus.
- El virus afecta a todas las personas y razas de la misma manera. Las personas que han estado en contacto cercano con una persona que se sabe que tienen COVID-19 o personas que viven o han estado recientemente en un área con propagación continua tienen un mayor riesgo de exposición.
- Los síntomas incluyen fiebre, tos, falta de aliento
- Ciertas personas corren un mayor riesgo:
 - Adultos mayores
 - Las personas que tienen afecciones médicas crónicas graves, como:
 - Enfermedad del corazón
 - Diabetes
 - Enfermedad pulmonar
- Continuaremos monitoreando la información más reciente disponible.

Estamos tomando las siguientes precauciones:

- Limpieza profunda por parte del personal de limpieza.
- Proporcionando a todos los maestros y personal desinfectante para limpiar los salones durante todo el día.
- Asegurando que estamos completamente abastecidos con jabón y toallas de papel.
- Educar estudiantes sobre técnicas adecuadas de lavado de manos / higiene y seriedad de la situación.
- Colgar cartulinas y recordatorios en todo el edificio para mantener la prevención a la vanguardia de los pensamientos de todos los estudiantes y el personal
 - Se cancelaron todas las excursiones hasta nuevo aviso.
 - Los deportes de la escuela preparatoria continuarán y anunciaremos cualquier cancelación
 - Minimizamos la asistencia a eventos deportivos.
 - Detener el contacto con otros durante eventos deportivos.

Es importante comprender que nuestras acciones durante este tiempo varían mucho dependiendo de la información más actualizada. Confiamos en la comunicación de los CDC y nuestro gobierno estatal para obtener información precisa. Continuaremos manteniendo informadas a todas nuestras familias y al personal sobre cualquier otro cambio o precaución que tomemos.

Mission Statement

It is the mission of Hope of Detroit Academy to promote a multicultural community of learners who strive for excellence, determination and achievement through college and/or vocational education.

Vision Statement

The vision of Hope of Detroit Academy is to produce students who compete in a global economy and become productive citizens.

Lo que pueden hacer las familias de Hope of Detroit:

- Tome precauciones serias, pero no se asuste.
- Si su hijo está enfermo, no lo envíe a la escuela.
- Si llamamos porque su estudiante está enfermo, es necesario que alguien lo recoja.
- Los estudiantes que estén enfermos serán mantenidos en un área designada para la seguridad de todos los demás hasta que sean recogidos.
- Sabemos que toallitas desinfectantes y desinfectante para manos es actualmente difícil de conseguir. Sin embargo, si puede, le recomendamos que done estos suministros a los maestros de su hijo.
- Continúe recordándoles a sus hijos la importancia de lavarse las manos con frecuencia.
- Hable con su hijo acerca de ser sensible a otras personas que pueden tener ansiedad más grave y respetar a los estudiantes que muestran más preocupación.
- Envíe botellas de agua desechables con su hijo a la escuela.

Gracias por su continuo apoyo durante esta situación única. Quiero hacerle saber que superaremos este momento desafiante juntos.

Sinceramente,

Ali Abdel, Director
